

The Mobile Cart

RDP's range of Mobile Carts has been designed to securely house a small form factor computer in an ergonomic cart meeting the needs of rising infection control standards.

Features of all our Mobile Carts include

- Computer securely hidden away to protect against spillages.
- Effortless height adjustment.
- Low friction, anti-static castors for easy manoeuvrability.
- Smooth, easy to clean surfaces.
- Unique battery system housed in the small footprint base.
- 2 year onsite warranty as standard.
- Manufactured by RDP in the United Kingdom.

Accessories

The Mobile PC Cart can be equipped with the following accessories:

- Patient Notes Basket
- Auto Landscape/Portrait Monitor Mount
- Pullout Keyboard Drawer
- M19-SX Infection Control Monitor
- M19-SXR Infection Control Touch Monitor
